toasty TWEETS

a benefit bakesale * a benefit bakesale * a benefit bakesale

On June 1, 2009, a fire in a neighbor's house spread and completely destroyed "The Pink House" and all of its contents. The entire Stanley family made it out safely, but all their possessions were lost. Insurance will help, but it has not been cut-and-dry for restoring and replacing the 100-year-old Juneau landmark and the family's belongings.
